love the class 33. It is what it says it is, lol. It's kind of like a really, REALLY simple Age of Empires upgrade mechanic with tower defense gameplay. It's a really solid proof of concept, and I definitely recommend picking it up, especially while it's on sale.. Fun, interesting game! I liked Chapter 1 so much that I bought the whole game. The plotline between game boards is irrelevant, but kind of amusing. The entire game is WAY too short, however. I played it in 2 days, but it could easily be finished in one. Hope they add more!. Worms Crazy Golf is a super fun spin off title. if you ever wanted to play golf as a worm, this game is for you. Team17 still knows how to make really enjoyable games, dont listen to the negative reviews.. WTF Level 9000+. Ugly, clunky,. If you want the truth from a person you think lies, force to play this, guarantee going to speak after a few hours.

Senza Peso is a showcase of the potential of VR. This will be my "go to to demo VR" for VR novices from now on. Beautiful orchestration, art and animation. Really impressed. I came back to the Steam Store to BUY more. Please, please make more of these experiences!. Not bad at all, with 50% discount... Not exactly my cup of tea, but nice... Easy achievements!!

As said: I will change this review to positive, when i get my Trading cards...?

I got my cards!!! :)

Review Changed!!.. Explosives no longer do self damage which makes the rpg the only valid gun. The base game is better.. This is definitely in my top 5 VR apps.

Flawlessly executed in every aspect, and honoring the true VR spirit -nice locomotion, sense of scale, atmosphere, sound-. Not to mention that it permits you to get very close to classical paintings with awesome textures and resolution.

There's even room for some psychedelic moments!

English is not my main language. Sorry for grammar errors.. My kids normally finish a game within an hour or two. This is a game you sort of have to play from start to finish in one sitting.. Low quality than PS4 but more expensive... Great!! *sign* . A great game, BUT you need more than one player to play. And I suppose the game does eventually get repetitive, but if you want local multiplayer, this is pretty good. not bad at all. 6/10
very amaturish, but that didn't bother me much. quite short.
I would buy their next game or sequel.
